Rich											
Wes	15.5	BLUE		-9 =			-9 =			-18 =	

Instructions

Print this page from you browser's print function.

At the end of your round, write down each person's gross score in the TOTAL SCORE column and subtract the number from the TOTAL HANDICAP column to get each individual's NET SCORE. If you want, you can do the same for both the Front 9 holes total and the Back 9 holes total, depending on the whether your Group needs that or not.
